### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jennifer Hayes on 11/29/04.

2. The application has been amended as follows:

#### ***IN THE CLAIMS:***

Cancel claims 14-27.

3. The following is an examiner's statement of reasons for allowance:

Claims 1,2,4-8 and 10-13 are allowed over the references of record because none of these references disclosed or can be combined to yield the claimed invention such as a nitride semiconductor device comprising a dissimilar substrate having a first major surface off-angled stepwise from a second major surface of said dissimilar substrate; a nitride semiconductor layer selectively grown on the major surface of the dissimilar substrate in a substantially lateral direction, and an indium-containing nitride semiconductor active layer on said nitride semiconductor layer, wherein an off angle  $\Theta$

Art Unit: 2826

of the off-angled first major surface with respect to the C plane of said dissimilar substrate is  $1^\circ$  or less, as recited in claim 1.

Kizuki et al. 5,714,006 discloses a nitride semiconductor device comprising a dissimilar substrate 11 having a first major surface (no part number, it is the top surface, as shown in figures 4a and 4b) off-angled stepwise from a second major surface of said dissimilar substrate 11; and a nitride semiconductor layer 12 selectively grown on the major surface of the dissimilar substrate 11 in a substantially lateral direction. However, the off-angled surface of Kizuki et al.'s first major surface inclines at an angle of several (2 or more) degrees. Note column 9 lines 30-33 of Kizuki et al.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
